

# **JORDAN TRANSFORMER, LLC**

## **JOB POSTING**

### **Production Reconditioning Assembler**

Jordan Transformer has an opening for a Production Reconditioning Assembler.

Duties would include preparing and documenting transformers and their components with (a) visual inspections, (b) grinding, (c) sandblasting, (d) cleaning, (e) gasket creation, (f) prep, (g) painting, and (h) assembly while complying with industry standards and customer requirements and Jordan Transformer processes as well as complying with EPA and safety regulations.

Experience: understanding safe use of power hand tools, industrial cleaning, and disassembly of mechanical parts.

We offer competitive wages and a full benefits package.
